## Exteria Building Products - Corporate Fact Sheet

### Business Overview

Exteria Building Products manufactures and distributes Nailite branded residential and commercial architectural cladding to the building and remodeling trades on a global scale. Created in 1978, Nailite was the first and continues to be an innovative leader in creating high definition polypropylene cladding that most realistically replicates the beauty of real cedar, brick and stone. These products provide an authentic look, without the high cost and maintenance associated with the natural products. For more information, visit [www.exteriabp.com](http://www.exteriabp.com).

### Nailite Exterior Cladding Product Offering

#### Cedar Pride EZ™

Looks more like natural cedar than any competitive product on the market. Its 9" to 9.5" shingle exposure provides the realistic look of staggered split-shake and is available in 16 colors.

#### RoughSawn Cedar

Provides the classic look of rough-cut individual shingles and delivers unsurpassed durability, performance and breathtaking curb appeal. This authentic shingle's 6.5" shingle exposure is available in 22 colors.

#### Hand-Split Shake

Offers the rugged beauty of natural cedar shakes without the worry. Its 8.75" exposure is natural and the texture is deeply-grained and realistically etched. Available in 13 colors.

#### Cape Cod Perfection EZ

Inspires images of homes found near the untamed, New England coastline. Its 4.5" exposure replicates the clean, crisp look of white cedar perfection shingles. Available in 8 colors.

#### Hand-Laid Brick, Hand-Cut Stone and Scalloped Perfection

Extremely authentic replica cedar and masonry panels require very little maintenance, provide enhanced exterior drama and blend well with other siding materials. Hand-Laid Brick available in 6 colors. Hand-Cut Stone available in 4 colors. Scalloped Perfection available in 5 colors.

### Quality Statement

Exteria is committed to the enhancement of our processes, products and service to satisfy our customers' evolving needs and ensure lasting quality through a strategy of continuous improvement and preventative action.
